- The screen below will appear. Only teachers who taught in your school during 2015-2016 year will be visible to you on this report. The report will feature the **Cohort Growth Median** for 2015-2016. You will also be able to click the **Certification ID** for each teacher and see individual student growth scores.

School:

Listed below are the Cohort Medians for all teachers that received a growth score at your school. Cohort medians are only available to view if the teacher taught in your school during that year. For more information about the RI Growth Model, including how SGPs and Cohort Growth Medians are calculated, please visit www.RIDE.RI.gov/RIGM.

NA denotes there were fewer than 20 student growth percentiles available for this teacher and therefore a score was not available.
